Sylvoz

EXPOSURE
East - West

ALCOHOL
13,00% vol.

TOT ACIDITY
4,60 g/l

SUGAR
0,1 g/l

SERVING TEMPERATURE
16 - 18 °C

HARVEST PERIOD
September

SENSORIAL CHARACTERISTIC
A wine with a typical light red color, with a fragrance characteristic of this grapes variety, with hints of underbrush fruits, especially of blackberry and vanilla. The taste is soft, inviting with a fine and persistent aftertaste.

FOOD PAIRING
This wine is perfect for first and second courses based on white meat or vegetables, also for soft paste cheeses.
